To Whom It May Concern

This company has had an association with Russell Steel of R.O. Steel Roofing Pty Ltd for about four years now. They started working for us on several projects at the South Sydney Corporate Park in Alexandria, the headquarters for Hannanprint, Independent Print Media Group and various other Blue Chip Industrial Tenants.

The major project that they completed for us was a 15,000 m2 Asbestos Roof and Wall Sheet replacement at Lot 52 Hill Road, Homebush Bay. The project required a lot of forward planning, was completed well within the tight time constraints as imposed by the building owners and the quality of the workmanship was first class.

Russell Steel is a very enthusiastic person whose positive thinking and personal drive and ambition seem to be contagious among all his employees. Russell is honest and reliable with an extensive knowledge of all aspects relating to Metal Roofing and Roof Plumbing trade works.

I would have no hesitation in recommending R.O. Steel Roofing and attesting to their abilities and I look forward to continuing our close working relationship.

If you have any further questions please don't hesitate to contact the undersigned on 0425 227 097.

Yours Faithfully
BEREM INDUSTRIAL PTY LTD

PETER INKPEN
PROJECTMANAGER
